

## About Us

Active Home Health Care is licensed by the State of Florida and is certified by Medicare. We are a full-service Home Health Agency. Our staff has the experience and compassion needed to provide care in a home environment without sacrificing quality or safety. The services are made available to meet the specific needs of each patient. Our Clinical Team is responsible for developing an individualized plan of care and working with your primary physician to insure appropriate care is rendered.

## Our Diverse Team of Professionals

Many of the services you receive in a hospital or nursing home are also available to you in the comfort of your own home. This is possible because we can send so many types of healthcare professionals to your home:

- Skilled Nursing
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Medical Social Work

## Do You Qualify?

To qualify for home health services, you must have a medical need for the skilled services of a nurse or a therapist. You must meet Medicare’s definition of homebound. This only means that leaving the home requires taxing effort and that you therefore leave your home infrequently. You can be temporarily homebound due to illness or injury. Active Home Health Care must also receive orders from your doctor to provide home health services. Upon request from you or referral from your doctor, we will coordinate with your doctor directly. We can provide home health services in assisted living facilities as well as private residences.

## We Believe

Active Home Health Care believes that every patient has the right to be treated with dignity and respect regardless of race, color, creed, gender, national origin, handicap, sexual orientation, age, marital status, status with regard to public assistance or veteran status. Our patients have the right to a relationship with us based on honesty and professionalism.

If you or someone you know could benefit from home health services, call us at (877) 672-5551.
